Mr. Shah Nawaz is a polio affected disabled person belong to ultra poor family, Main source of income is daily wages income, his house is made of mud now his house is in very poor condition. As Shahnawaz cannot walk from one place to other place due to disability even for Washroom, he always needs one person for reaching the washroom. His family can't afford wheelchair expenses. His family always considers him disabled and a burden on their self. Due to disability he can't travel and move because of his disability.

One day Mr. Shahnawaz visited SSSF office and met with CEO and SSSF team to share his background and life structure. He requested SSSF for the support. SSSF charity group already working to support needy communities. After receiving Mr. Shahnawaz application, the team visited his home and met his family. During the visit, Mr. Shahnawaz and his family requested to provide a wheel chair, as his family can't afford wheel chair expenses. Charity chapter coordinator reviewed the verified application and investigated the application and recommended to CEO for final approval. CEO Lala Arshad approved the application. On 1st September 2020, wheel chair and small business items were handed over to

Shahnawaz, after receiving wheel chair and small business items for shop. The team has dropped him at home.

Because of our work, the disabled person Mr. Shahnawaz Mastoi started small business at his home.

Before our work, he was a beggar. After provision of a wheelchair, he became able to travel from his house to city.

His daily earning from his small business

which was provided by SSS Charity chapter. Now he has left begging for people because now he is owner of small business. His family is rising above the poverty line and society now treats him with respect.
